SELECTMEN'S REPORT.

To the Citizens and Taxpayers of Gilford:

We have the pleasure of presenting herewith the annual report of Selectmen, Treasurer and various other Town Officers and Committees, and the annual report of the School Board, for the fiscal year ending January 31, 1923.

In accordance with Chapter 129, Section 8, Laws of 1917, we publish the following budget of estimated requirements for the ensuing year:

Sources of Revenue.	Previous Year.	Estimate for Ensuing Year.
From State:		
Railroad tax,	\$433.19	
Savings Bank tax,	1,156.99	\$1,590.18
For Highways:		
State Aid maintenance,	1,250.00	1,250.00
Trunk Line construction,	4,262.59	
From Local Sources except Taxes:		
Interest received on Taxes,	20.22	
Permits for Registration of Motor Vehicles,	433.99	

EXPENDITURES.

Current Maintenance Expenses:

We recommend an appropriation of \$1,600.00.

Memorial Day: \$50.00.

Public Library: The Trustees of the Public Library recommend an appropriation of \$150.00.

Old Home Day: We believe that Old Home Day should be observed each year, and especially this year, and recommend that an appropriation of \$100.00 be made.

Highways and Bridges:

Owing to the increased automobile traffic it is necessary to maintain better roads, therefore, we have spent considerable money cutting bushes and widening dangerous curves, also railing dangerous embankments, thereby lessening the Town's liability.

We recommend that an appropriation of \$6,500.00 be made for this department.

Trunk Line Construction:

This year we have made a great advancement on our Trunk Line Construction. Project No. 75 has been completed, two cement bridges built on Project No. 75-B, and nearly all of Project No. 75-B has been completed.

Under the management of Foreman Clifton A. Waldron, these Projects have been built less than their estimate, and also Projects No. 4 and No. 75 have been approved by the Federal Aid Inspector.

Your Selectmen recommend that the Town vote to continue State Aid and that authority be given them to accept Federal Aid when available; also we recommend the continuance of Foreman Clifton A. Waldron to carry on this work.

Cement Bridge:

Your Selectmen believe where there is an old wooden bridge that needs rebuilding, it is economy to rebuild with cement, therefore, we have built a new cement bridge near the Copp mill site. This was done at a cost of \$2,472.13.

Electric Light Plant:

At our Fall election it was voted to authorize the Selectmen to purchase an electric light plant and install the same. After having estimates from several companies, we decided to purchase the Delco plant. The Town Hall and Library have been wired, which is a great improvement over our former system, and adds much to our community socials.

Respectfully submitted,

FRED R. WEEKS,
LELAND M. JAMES,

Selectmen.

INVENTORY, APRIL 1, 1922.

CERTIFICATE.

Gilford, N. H., Feb. 19, 1923.

We, the undersigned, Auditors of the Town of Gilford, have examined the accounts of the Selectmen, Treasurer, Town Clerk, Tax Collector, Trustees of Trust Funds, Trustees of the Public Library, and Old Home Day Association, Memorial Day Committee, and find them correctly cast, and properly vouched, for the fiscal year ending Jan. 31, 1923.

CHARLES E. SLEEPER,
HARVEY E. RAND,
Auditors.

REPORT OF THE SUPERINTENDENT OF SCHOOLS.

To the School Board and Citizens of Gilford:

A report of this kind affords the opportunity of recording such matters in connection with our schools and their operation as deserve such recognition and furnishes a means of presenting such recommendations as seem worthy of consideration.

For certain statistics covering the year ending June 30, 1922, I refer you to a table printed on another page. During that school year there were enrolled in our schools 124 different pupils. The average membership, however, was but 94. The attendance throughout the year was, in general, very good; the percent of attendance in all schools was 91. There were too many tardinesses. This is particularly true of two schools. I am always glad to recommend those pupils who find it possible to have perfect records. It generally means good health and perseverance on the part of the children, a co-operating spirit and healthy attitude on the part of the home toward the school, and loyal and successful service on the part of the teacher. Morrell Swain of the Liberty Hill school, Forrest Smith of the No. Twelve school, and Emily Olsen of the Lily Pond school had perfect records, being neither absent nor tardy for the entire year.

Five pupils completed the work of the eighth grade in June and were recommended for admission to high school. They were as follows: Lake Shore Park, Robert Sanborn; Village, Ruth Sawyer, William Weeks; Lily Pond, Fred Olsen, Gladys Blackey. It is possible that a somewhat larger class may be graduated this coming June. I believe

it would be good for the children, of profit to the schools, and of much interest to the parents if all the children could be brought together on the last day of school in June and union graduating exercises be held. Such an event would furnish an opportunity of showing to the public something of what we are trying to do in our schools and would tend to arouse in parents and citizens a keener interest.

The census of school children taken in September showed that there were in town 150 children between the ages of five and sixteen. At that time there were 105 registered in our schools, 12 under sixteen were registered in high schools, 9 were attending the elementary schools in Laconia, and 9 were attending the parochial schools in Laconia. In addition there were 13 children under eight, the compulsory age, not attending school, and two others over fourteen who had completed the eighth grade work. Our present enrollment is about ninety-five.

We have in session this year six schools, one less than last year. The Liberty Hill school was not opened in September as there were but three children to attend. These children were transported to Laconia at an expense of \$10 per week. While it is somewhat of a hardship for these children to travel back and forth, particularly in the winter time, and such a winter, they are receiving far better school privileges than could possibly be given them in a school of but three. Then, too, the expense to the district is much less. As the Intervale school was small in numbers and the children, with one exception, lived within two miles of another school, the school board felt that it was unwise to open this school. The No. Nine school was re-opened to meet a real need in that community due to the increased number of school children.

We have three cases of transportation this year; the three children from Liberty Hill taken to Laconia, one child carried to the East Gilford school, and one child who

naturally would attend the Intervale school, transported by train to Lake Shore Park.

At this writing there are 26 pupils from this district attending high schools; 16 at Laconia, nine at Alton, and one at New Hampton. The total tuition bill for these pupils will be about \$1,250. The appropriation for this purpose was \$1,100.

There are several factors which enter in to the making or unmaking of a school. I need not enumerate them. I think we all agree that a good building and good equipment, important and desirable as they are, will not of themselves make a good school. A really good school is impossible without a good teacher. As everyone knows, who has taken the trouble to investigate, the supply of efficient teachers for rural schools is far below the demand here in New Hampshire. What of our teachers? It so happens that none of them are trained normal graduates. However, I am certain that we have reason to congratulate ourselves. I, personally, want to commend them for their fine spirit and for their very efficient work. Miss Warburton at Lily Pond, and Mrs. Bartlett at Lake Shore Park, were with us last year and we were very fortunate in their return. Miss Hunt, who succeeded Mrs. Osborne at East Gilford, was also with us last year. Miss Hunt is meeting the difficulties of this school in a fine way. Miss Ruth Wyatt came to the Village school in September. Miss Wyatt had two years previous experience and has been three summers at Plymouth Normal. She is doing excellent work in this school. Mrs. Ruth Smith at No. Twelve, is making for this school a very successful year. Mrs. Smith has had several years previous experience. Mr. John L. Morrill came to the No. Nine school inexperienced. He has met the situation here in a very satisfactory way.

The following in table form shows the teachers with salaries:

School.	Teacher.	Yearly Salary.
East Gilford,	Julia Hunt,	\$720
Lake Shore Park,	Gertrude Bartlett,	900
Lily Pond,	Velma Warburton,	756
No. Twelve,	Ruth Hull Smith,	800
Village,	Ruth Wyatt,	800
No. Nine,	John L. Morrill,	684

The fall term of school was a very successful one. The weather conditions were favorable and the attendance was excellent. Our record during this winter term has not been the same. Needless to say that storms, impassable roads at times, high winds with biting cold have seriously affected our schools. I do not believe it profitable to attempt to run schools under such conditions. I believe it would be possible to so arrange the school year that the schools would be closed during the severest winter weather. I suppose it is reasonable not to expect another winter in the immediate future so severe.

Finances are always of interest. The fact that the school fiscal year ends in June and the town fiscal year ends in January is somewhat confusing. We are, then, in the midst of the school fiscal year. Your attention is called to the report of the school board for the year ending last June and to the statement for the period from July 1, 1922, to February 1, 1923. The amount available for the remainder of the year is about \$4,000.00. The expenses will probably be in the vicinity of \$3,950.00. We are not likely to have a deficit. It will be noted that we received \$99.24 from the state as state aid. It is not probable that we shall receive anything next year. The school board has prepared a detailed statement in the form of a budget showing

the amount needed for the next fiscal year. I refer you to this statement.

I do not think it wise to neglect the repairs of school buildings. Almost nothing has been done this year. There are at least two outhouses which should be rebuilt. As they are at present they are far from being a credit to the school district. At least one building should be resingled. At least one building should be painted. I hope the school meeting may see fit to appropriate a sum sufficient to make these needed improvements.

Respectfully,

CHANNING T. SANBORN,

STATISTICAL REPORT FOR THE YEAR ENDING JUNE 30, 1922.

REPORT OF SCHOOL BOARD.

In accordance with the Laws of 1919, 106:21, the school board herewith submits to the district a statement of the estimated amount needed for the support of elementary schools, for the payment of high school tuition, and for statutory requirements for the fiscal year beginning July 1, 1923:

Teachers' salaries,	\$5,000.00
Text-books and supplies,	250.00
Flags,	15.00
Other expenses of instruction,	25.00
Janitors and supplies,	150.00
Fuel,	225.00
Minor repairs and expenses,	200.00
Medical inspection,	30.00
Transportation,	450.00
High school tuition,	1,200.00
Elementary school tuition,	125.00
Superintendent's excess salary,	225.00
Per capita tax,	314.00
Total,	<hr/> \$8,209.00

Respectfully submitted,

WILBER F. HARDING,
LAURA E. VARNEY,
SAMUEL SMITH,
School Board.

FINANCIAL REPORT OF THE GILFORD SCHOOL DISTRICT.

For the Fiscal Year Ending June 30, 1922.

RECEIPTS.

From State:
